

OH MY GOSH! Is this issue really being considered?! Has minority quotas led to hiring the INSANE to write ABSOLUTE INCREDULOUS doctrine as this? Please somebody in there, break out of the bureaucratic bubble and breathe the air where real people live!

Do not let the Bell "Wolves" own the chicken coop you already allow them to dominate. HELLOOO... Competition requires competitors to be alive. If the FCC lifts the dominant classification from the Local Exchange Carriers (Bells), it will limit competition to a duopoly consisting of a bell and a cable company. Competition in the American Telecom marketplace will not be incentivized, it will be torpedoed. (yeah, you ought to see what happened to prices once we were limited to one grocery store!) ISPs and CLECs will die, consumers will be deprived of choice and the FCC will be wholly to blame for the travesty. DO NOT DO IT. Chairman Powell: Please do not sell out to BIG BUSINESS, at the expense of competition and the small businesses of our country. PLEASE SAY NO, NO, NO WAY!!
